The DuoShare logo consists of the word "DuoShare" in a white, sans-serif font, centered within a solid black rectangular background.

## Press Release

### DuoShare Receives PAVE™ Gold Certification for 2008/2009

**Dallas, Texas, August 6, 2008:** DuoShare, Inc., creator of the first 100% Web-based Address Quality and Presort Services, recently PAVE certified DuoShare.com with the United States Postal Service®. Presort is a process by which mail is sorted according to USPS requirements prior to mailing in order to achieve substantial postage discounts. The Presort Accuracy Validation & Evaluation (PAVE™) certification improves presort accuracy by providing mailers, software vendors, and service bureaus with the ability to evaluate their presort software in accordance with USPS® standards. DuoShare has met specific category requirements for the current certification process (Cycle J) which is valid through May, 2009. For a complete listing of certified presort categories, please visit <http://duoshare.com/resources/pave.html>.

The PAVE certification continues DuoShare's commitment to provide all-inclusive Software as a Service (SaaS) to any organization that mails, ships, or delivers. According to Stephen Buck, Vice President of DuoShare, "While verifying and correcting address data is the core of our business and solves the problem of undeliverable mail, presorting capabilities and our resulting PAVE certifications are a natural follow-on to obtain postage discounts and to provide seamless mail preparation, all without charging customers extra for this feature or that."

**DuoShare, Inc.** is a privately held software services company based in Dallas, Texas, founded in 2001 to create specific business processes and services and deliver those via the Internet.
